-  **INDOORS**
Don't let weather spoil your school trip!

And more...

Safety & Security

KidZania is an indoor, temperature controlled place with high quality air monitoring and filtration systems. Child-safety measures are integrated into the planning and building of all KidZania facilities to ensure that the operation, safety, and experience of KidZania are in line with the highest global standards.

Controlled Access

All entry & exit points are access controlled and manned by KidZania security personnel operational hours.

RFID Security Bracelets

With RFID bracelets teachers can ensure that no student can leave the facility without authorization. They can also use it to drop messages for students.

Highly Trained Team

All employees go through intensive training to enrich each visitor's overall experience.

CCTV Cameras

The complete facility is monitored by several binder CCTV cameras placed in strategic locations across KidZania.

First-Aid Centre

In-house First-Aid Centre available during operational hours.

Dear Teachers & Students
For your security & safety, it is mandatory that all visitors wear their RFID bracelets at all times
